CAUSE

Carl Elliot Longanecker, Jr. arrived at the Residential Reentry Center (RRC) on January 11, 2018. He hopes to be placed on the Bureau of Prison (BOP) home electronic program within the next 30 to 60 days. He will complete his term of incarceration on May 13, 2018, at which time he will begin his 5-year term of supervised release.

Mr. Longanecker entered into and successfully completed the Bureau of Prison Sex Offender program, which has given him an insight and an improved coping base to address old sexualized behaviors. He has developed a safety plan to avoid inappropriate actions in the future. He was also a featured class peer speaker in the Sex Offender Treatment Program (SOTP), discussing and presenting on striving toward a better way of life and sharing the philosophy and goals of "No More Victims," "No More Secrets." As part of his treatment, the offender's wife, Gena, advised they have had many open and "frank" discussions about his past actions and behaviors and ways she can recognize potential risks factors that could lead to further inappropriate activities. The offender's children are now 12 and 3 years of age respectfully. Gena has also agreed to complete and pay for the sex offender chaperone training to continue to improve her understanding of the offender's sexual offense and how she can support her husband and protect her children.

Mr. Longanecker completed the 500 hours Residential Drug and Alcohol Program (RDAP) and obtained his GED.
